

Tutoring Policy Form

- No phones will be allowed for use during tutoring
- You are not allowed to speak in a vulgar manner (no cussing)
- Tutors must answer emails from students within 48 hours
- All money received by the tutors will be donated to Mental Health America

Below are guidelines that we ask parents to follow:

- Your student may be subject to having multiple tutors depending on the subject they wish to learn. This is because we try to give the highest quality of teaching possible by assigning them tutors that are the best at the subject they want to learn.
- We ask that parents do not contact tutors directly through personal emails for the sake of organization and privacy.

If parents have any inquiries for tutors/the program, please reach out to us through the website: <https://newmindededucation1.wixsite.com/nmeducation>

Or email us at: newmindededucation1@gmail.com
